**Local Transportation Study Underway:  
Residents Asked to Take Survey**

The [Lowcountry Council of Governments](#), on behalf of [Palmetto Breeze Transit](#), is conducting a study to determine options for future public transportation within Bluffton, Hilton Head Island, and parts of unincorporated Beaufort County. The study team is looking for feedback from area residents regarding commuting patterns, company transportation incentives, and more. To plan the most effective and efficient service possible, the public is encouraged to participate in a [survey](#) by March 31 about how they currently travel, and for suggestions on how future transit options should operate.

For more information about public transportation services in the Lowcountry, visit [www.palmettobreezetransit.com](http://www.palmettobreezetransit.com).
